THE REALITY

THE REALITY

- AI doesn't always improve things
- Markets crave efficiency
- Sacrifice is inevitable
- We each must pitch our stall
- AI brings threats and opportunities
- It is difficult to detect or prove

THE REALITY

- AI lacks core human skills
- It requires quality data
- It is often not secure
- It is biased and unreliable
- AI is here to stay, **but**;
- It will not replace us
